Dear Rick,

I hope you and your wife enjoyed the grand Memorial Hermann Foundation Circle of Life Gala 2005. I am sorry Jennifer and I missed you that evening. I would like to personally thank you for your generosity to the Memorial Hermann Healthcare System. Your recent contribution will support school and community-based health clinics, nursing education and health care for underserved women and children through the Anne R. Wilford Endowment Fund.

As you may know, Houston is embarking on a community-wide effort to improve the health care for patients in our region. The support and involvement of organizations such as yours are vital to the success of this endeavor.

Thank you again for your generous support.

Sincerely,

*David*
